Personnel Group

WE'RE HERE FOR YOU!

Over the last few months, The Personnel Group has been working tirelessly to support our community, to ensure that we could do everything possible to assist during the Covid-19 pandemic. We know these are hard times, and that's why we are here to support you and provide you with the tools and resources to get through this uncertain time.

We're a local business too, and know how important it is for businesses to thrive, so our community can thrive also.

Our staff are Mental Health First Aid trained, experienced and passionate, and will always do their very best for you, ensuring that you have the right support for you and your business.

If you need support in the workplace, or you have a staff member or colleague who does, please get in touch with us today.

A little about us...

We are a not-for-profit disability employment service funded by the Government, providing free services to jobseekers and businesses, by assisting with finding the right person for the right job. We have been helping employers build their business for over 30 years by matching jobseekers to an employment environment where they will flourish, thrive and add value.

We help jobseekers who require additional support to gain and maintain employment including people with a disability, injury, mental health condition or a young person who needs assistance to launch their career.

Our team is passionate about what they do and takes pride in building relationships with local employers, getting to know and understand your business, workplace culture and employment needs.

Our promise.

Right fit, right job, right time with the right employer.

How we can help your business.

Finding the right person for the right role

We will only present candidates who are carefully matched to both your vacancy and your workplace culture. If the candidate is successful, we will provide support to you, your staff and your new employee to adapt to your workplace.

Providing one-on-one workplace training support

We believe that the first month of a new job is when our jobseekers need the most support to adapt to their new working life. Our Workplace Support Consultants will provide one-on-one support to reinforce the training provided by your workplace and assist your new employee to fully understand and perform the job requirements.

Assistance accessing incentive and wage subsidies

There are a variety of incentives and wage subsidies that may be available to your business to help with the costs of employing our jobseekers. We can assist you with knowing what is available and how to apply for any funding.

Work Assist - Support for an employee who has a disability and is at risk of losing their job

As an employer there may be times when you have an employee that is experiencing difficulty maintaining their job due to injury, disability or a health condition. We can provide a free individualised support program for your employee, who may be at risk of losing their job.
